RE: Proceeding 16-106 - Protecting the Privacy of Customers of Broadband and Other  
Telecommunications Services

Mr. Wheeler,

I see that you recently proposed new "privacy" \_ regulations to protect consumers from online companies, what a JOKE! However, I noticed something curious: you gave google a free pass? Really?

You know as well as anyone that google knows more about us than ANY company in the entire world! More about our personal shopping habits; what we watch on the Internet; and how we live your lives.

And now they're even collecting our DNA!

Do not take Americans as fools, Mr. Wheeler. Your so-called privacy rules do absolutely N.O.T.H.I.N.G. to secure our privacy when they give a free pass to the worst privacy violator in history of mankind!

And this isn't the first time barack barry hussein soetoro obama soebarkah II jr's buddies have been protected. When you slapped Americans in the face with the largest government takeover of the Internet in history, google got a free pass from following those rules, too!

Your brazenness is breathtaking! WHY do you go out of your way to protect google? Who gave YOU that authority? Could it be because google is barack barry hussein soetoro obama soebarkah II jr's biggest corporate patron? Could it be because google and the federal government work so closely on so many projects, AGAINST THE BEST INTERESTS OF AMERICAN CITIZENS?

You've seen the recent news no doubt: Regular, sneaky meetings at the White House. Hundreds of employees going back and forth between google and their buddy, barack barry hussein soetoro obama soebarkah II jr, including AT LEAST 9 visits between google and your FCC! DO YOU REALLY THINK AMERICANS ARE THAT STUPID AND NOT WATCHING? No, of course you don't, you just couldn't care less!

You've been caught red-handed, Mr. Wheeler! Anyone who is paying attention can see that google, this illegal, corrupt administration and the FCC are working together for their own interests "î not for American citizens "î and now it's time that We The People hear the FCC admit it to the world!

Pray tell us, Mr. Wheeler, if our online data and privacy are so important to protect, why are you giving a free pass to the worst privacy violator in the history of the world?

Why are you going out of your way to protect google, barack barry hussein soetoro obama soebarkah II jr's biggest corporate donation machine?

What you are doing, Mr. Wheeler, is an insult to our intelligence. A government takeover of the Internet on one hand with special interest carve-outs for barack barry hussein soetoro obama soebarkah II jr's multi-billion dollar, corporate, crony buddies on the other: What a disgrace!

Americans have been watching and we're SICK, sick to our stomachs, SICK of your cronyism, SICK of your unconstitutional actions against ALL Americans!

God willing, you and the rest of your power-hungry cronies will be cooling your heels in jail when We The People help Donald Trump make America great again!

Sincerely,  
Ron Bennett
